

ZAID RANGREZ

MERN Stack Developer

zaidrangrez.me@gmail.com | +91 8005754124 | linkedin.com/in/zaidrangrez

PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing REST APIs, JWT authentication systems, cookie-based authorization, database design with MongoDB/Mongoose, and responsive user interfaces. Passionate about writing clean, maintainable code and building scalable web applications.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, GSAP

Backend: Node.js, Express.js, MongoDB, Mongoose, MySQL, REST APIs, JWT Authentication, Cookie Authentication

Tools: Git, GitHub, Postman, VS Code

PROJECTS

Notes Management API

- 1 Built a secure REST API using Node.js, Express.js, MongoDB, and Mongoose.
- 2 Implemented JWT authentication, cookie-based sessions, authorization middleware, and CRUD operations.
- 3 Ensured users could access only their own notes through ownership validation.

User Authentication System

- 1 Developed registration, login, logout, and protected-route functionality.
- 2 Integrated JWT tokens, cookies, password hashing, and middleware-based security.

EXPERIENCE

Self-Directed MERN Stack Development | 2025 - Present

- 1 Built full-stack applications to strengthen React, Node.js, Express.js, and MongoDB skills.
- 2 Practiced API design, authentication flows, database modeling, and frontend integration.
- 3 Applied Git and GitHub for version control and project management.

EDUCATION

Bachelor of Science (B.Sc.) – University of Kota (Pursuing)
